SAN JOSE, CALIFORNIA, THURSDAY, OCT. 7, 1954

No. 12

Council To Buy Wagons For P.E. Department

The Student Council decided yesterday to buy two 1954 station wagons for the Men's Physical Education department. The total price is \$4500.

The cars will be used to transport small teams to athletic events. Previously, the coaches used their own cars and were paid for this service. ASB President Art Lund stated this outlay would be replaced in five years by upping the mileage charge one cent per mile for organizations using the vehicles.

Bob Weiss, chairman of the theater ticket committee, stated he had been contacted by three more theaters, which want to come in on the present student cut rate system. Presently there are three shows which honor the cut rate card.

The council voted \$55 more to the International Relations committee. This group is trying to represent a major nation at the Model United Nations conference at San Francisco State college this year. They are trying for either India or the United Kingdom. The Board of Control will make approval on the appropriation before it is final.

Deadline for entering the Homecoming Queen contest has been extended until 5 p.m. Tuesday instead of Monday, according to Vern Perry, homecoming chairman.

Application deadline for positions on ASB committees has been postponed until 2:30 p.m. Wednesday, Lund stated.

Don Fado, College of Pacific ASB president was introduced to the council. The non-vandalism pact was upheld by the two schools.

Vern Perry reported that a suggestion of not having the bonfire rally this year was offered by the Deans. A replacement of a rally behind the Music building in the parking lot was suggested.

SAC To Name Work Groups

Planning to name committees for the Coronation Ball the Social Affairs committee will meet at 7 o'clock tonight in Room 117, according to Pat Burch, publicity chairman.

Faculty Spouses To Hold Meeting

Introduction of new members of San Jose State Faculty Wives will highlight the first fall quarter luncheon meeting of the group, to be held today at 12:15 p.m. at Mariani's, according to Mrs. Glen Reed, publicity chairman.

Approximately 90 faculty wives are expected to attend the luncheon, Mrs. Reed said.

Campus Scene Of Scholastic Press Confab

More than 200 students from 25 high schools, covering an area from South San Francisco to Gilroy, will be on campus Saturday for the annual conference of the Peninsula Scholastic Press Assn.

The college Journalism and Advertising Department will be host to the conference, which will open at 9 a.m. in the Concert Hall of the Music Building.

Following a short business meeting there will be a panel on the topic "What Do Employers Expect of You?" moderated by Dr. Dwight Bentel, head of the Journalism Department.

Members of the panel will be Joseph C. Houghteling, publisher of the Los Gatos Times; Millard Hoyle, publisher of the Hollister Free Lance; Kenneth Conn, executive editor of the San Jose Mercury-News; and Lowell C. Pratt, former publisher of the Selma Enterprise and college public relations director.

At 12:30 o'clock there will be yearbook and newspaper clinics while at 2 o'clock several college journalism students will tell of their experiences as "interns" on California newspapers.

Students May Pay To Hear Name Lecturer

Dr. Henry C. Meckel, chairman of the Lecture Series committee, stated yesterday that the committee is tentatively considering charging admission for the appearance of one big name lecturer during the year to "see how it would work out."

The committee also voted to sponsor six faculty lecture speakers in talks open to both SJS students and the general public in the evening. Two speeches would be given each quarter.

One committee was set up to consider the faculty talks. Members of this committee are Ted Balgooyen, chairman; Dr. William H. Vatcher, and Herb Hulbert.

The members of the Guest Lecturers committee include Dr. Henry C. Meckel, chairman; John Aberle, and Stan Croonquist.

Another meeting of the Lecture Series committee is scheduled for Tues., Oct. 19.

Special Edition Reservations Are Available

Only a limited number of the special "send-home" edition of the Spartan Daily can be printed so students are urged to purchase tickets early to reserve their copy, according to Dick Jones, Sigma Delta Chi president.

Jones explained that Sigma Delta Chi is sponsoring the special edition as a means for students to let their parents know about the San Jose State campus and its activities. The issue will include two pages of illustrations of campus life.

Last year's edition, which featured departments and the building program, was termed a success by Jones. To follow this, the fraternity has planned this edition to emphasize student organizations and life, he said.

Students may purchase their tickets at the booth in the Outer Quad today from members of Sigma Delta Chi, Jones said. The price is 15 cents. An additional charge of three cents for postage must be made for those copies students wish mailed to their home address by the fraternity, Jones said.

When the edition is published Oct. 13, students with tickets can then present them and receive their copies or give an address for mailing.

Fraternities Reject House Decorations

The fraternities will not have house decorations for homecoming this year, according to Bob Goforth, IFC president. This was decided last night at a meeting of the Interfraternity Council at the Delta Sigma Phi house.

The council also decided that the dress for the La Torre pictures this year will be white shirts and dark sweaters.

The group also appointed Tom Brown of Sigma Chi athletic chairman for the IFC. Goforth also noted that the 14 fraternities on campus will contribute 10 upper-division men apiece to solicit funds from small businesses in San Jose for the Community Chest Fund.

Health Program Awaiting Action

By EDWINA KILLORAN

Awaiting State legislative action is a proposed College Health Service program which would increase the number of Health Department personnel by greater budget appropriations and levy an annual \$5 fee on each student, according to E. S. Thompson, college business manager. Passage of this program could put an end to the "too many

MISS MARGARET TWOMBLY

patients" cry from the college health department as student enrollment steadily climbs higher than the personnel to care for it.

Now supervising the health of the 6687 full-time students is a small staff of 14 which includes physicians, nurses, technicians, and office help, under the direction of Miss Margaret Twombly, head of the health service.

Cost of the health service at the college for 1953-54 totaled \$63,577 which included a student fee of \$2, or approximately \$13,500, according to E. S. Thompson, college business manager. Balance of \$50,032 comes from State of California funds and as such is separate from the McFadden Health Cottage and the injury fund which are entirely student subsidized through ASB funds.

The future health service program has been endorsed by the college and awaits legislative action, Thompson explained. This new program would provide one physician and one nurse per 1000 students (SJS now has one physician per 2000 students).

Other provisions call for additional office nursing and technician help and an annual fee of \$5 per student to defray a portion of the cost, Thompson continued.

"But still we have the problem in that the clinic takes care of between 125 and 175 students every day of the college year. In addition every student is given a physical examination on entrance to the college, before acceptance for teacher training, before the teaching credential is granted and at any other advisable time," Miss Twombly declared. With the exception of registration time, when extra personnel is provided, the regular staff of 14 must handle the work.

"We understand the student's impatience with the many appointments necessary for these examinations, but with our limited staff we have no other solution," Miss Twombly said.

The solution, according to Business Manager Thompson, "rests with State legislative action and the availability of college facilities to accommodate an expanded health service."

Board OK's Move Of Student Y

The Student Y, now located on 7th St., is slated for a move two blocks east as the result of a decision made by the President's Advisory Council yesterday. Dr. John T. Wahlquist announced. The student center will be re-established at 205 S. 9th St. in order to make way for future expansion plans, according to Dr. Wahlquist.

In other action, the Council voted to invite Senator Jack Thompson and Assemblymen Bruce Allen and Clark Bradley to discuss with the Council the findings of the Senate Education committee which is slated to tour the college Nov. 5.

Recruiters Here

A Marine Corps Officer Procurement Team will be in the Outer Quad today and tomorrow from 9 a. m. to 4 p. m. to interview freshmen, sophomores and juniors interested in applying for the Platoon Leaders Class Program. The program leads to a reserve commission in the Marine Corps.

Liberace Reveals Plans For Deferred Marriage

HOLLYWOOD (UP)—Liberace, piano-playing idol of millions of the nation's women television fans, revealed yesterday he will marry a 23-year-old night club dancer in a year "If she really loves me and wants to wait for me."

But the TV star disclosed his plans to marry Joanne Rio must wait a year because current concert, TV and film commitments would keep him too busy for a happy home life.

"When I get married I don't want my career to interfere with my marriage like those Hollywood couples such as Marilyn (Monroe) and Joe (DiMaggio)," Liberace said. "I want to give my marriage the full Catholic treatment. It must be a lasting thing."

500 REJECT APPEAL

WASHINGTON (UP)—More than 500 students of one Washington high school rejected an appeal yesterday from some of their own classmates and a group of preachers that they abandon a "strike" against mixing of whites and negroes in the capital's schools.

At most other high schools and

junior highs, however, the anti-integration demonstrations which started Monday appeared to be petering out. The number of hooky-players had dwindled sharply from Tuesday's estimated 4000.

In Baltimore, where similar protest activities broke out last week, authorities described the situation as quiet with no demonstrations and no picketing.

Campus Political Group Disbands

Plucking of the Green Feather movement here will take place at 2:30 o'clock this afternoon in a disorganization meeting to be held in the Student Union, Sonia Appell, chairman of SJS students in the organization, said yesterday.

This club was started on campus during the last spring quarter, but the politically minded group was not recognized officially as an on-campus organization.

Miss Appell said she called the meeting to announce the abandonment of the movement here.

APPEARING TONIGHT in the first student recital of the year will be, left to right, John Loban, violinist; Daniel Livesay, trombonist; Ron Ehlers, pianist, and William Schneider, baritone. They will perform in the Concert Hall of the Music Building at 8 p.m. in connection with the Founders' Day observance of Phi Mu Alpha, men's honorary music fraternity. The recital is open to the student body and the public without charge.

Two-Way Discrimination

Due to the recent anti-segregation bill, many schools in the South are assuming the role of the vanguard in the abolition of racial segregation. We've never had to cope with such a problem at State because we've always accepted our fellow students on an equal basis and without hesitation regardless of color.

There are no racial or religious percentages in the college's acceptance of students; co-ops are non-discriminatory; fraternities and sororities are slowly but surely removing the restrictive clauses in their constitutions and, in this sense, San Jose State College is a very democratic and progressive college.

Why is it, then, that I scan the job offerings of the Placement Office I invariably come across an ad preferring Oriental or Negro students to White.

Example: Young woman to help with dishes and housework at women's boarding house. Prefer Oriental or Colored.

Are they better, more efficient workers, more intelligent, more

needy of jobs? I think not. They've been typed as domestic workers, kitchen helpers, "bottom of the ladder" workers, because very often this is all that is offered to them.

The Placement Office should not accept such "special" offers from the community. If such job offers were refused, the college would be fulfilling a broader educational role than just training students for professions. Part time jobs are few enough for the many students desiring them and such unnecessary prejudices only make it that much more difficult to find a job.

Personally, this annoys me, because, you see, I'm looking for a job too.

Sonia Appell
ASB 1123

Ticket Deadline

Deadline for the purchase of season tickets to six productions of the Speech and Drama Department is tomorrow, according to the department office.

The tickets are \$3 general admission and \$2 for holders of ASB and faculty privilege cards. They may be picked up in Room SD-100.

Social Science Minors Revise Requirements

Mimeographed copies of the new requirements for social science minor curricula will be available in the Social Science Office Friday or early next week, according to the Social Science Office.

The new requirements replace those on pages 312-314 of the current college catalogue. The revision of minors was brought about by the reduction of the number of units required for a minor from 36 to 24, in keeping with the policy set by the President's Council last spring.

Due to the reduction a rigid pattern for minors must be outlined to satisfy state requirements, Dr. Leo P. Kibby, Social Science Department chairman, explained.

The social science minor for the general secondary credential only, is not affected by the change, Dr. Kibby emphasized.

Oriocis Plan First Activity

The Spartan Oriocis club will open its fall quarter activities with a welcome dance to be held in the Student Union Friday, from 8 to 12 p. m., said Florence Kawahara, Publicity chairman for the club.

All old members and especially new students are urged to be there.

There will be no admission price and Dorothy Hirose, Kay Morimoto and Elaine Sano will have plenty of refreshments on hand for everyone.

Construction Ends

Construction and repair work in the Journalism Building is expected to be finished this week, according to Dr. Dwight Bentel, head of the department.

Walls in the building are being finished in a light tan and "journalism pink".

Miss Loeffler Discloses Casts For One-Act Plays

Tentative casts for five student-directed one-act plays, to be presented Oct. 18 and 20, have been announced by Miss Elizabeth Loeffler, associate professor of drama, who will oversee the productions. The one-acts will be given in the round in the Studio Theater of the new Speech and Drama building.

Play directors are members of Miss Loeffler's class in directing.

Cast of "Ring Once for Central" by Stanley Richards includes Marilyn Clift, Ann Robinson, Milton Styles, Stuart Hoefler and Kenneth Rugg. Director is Joyce Osborn.

Appearing in "Hands Across the Sea" by Noel Coward will be Ruth Daugherty, Darwin Hageman, Lorraine Cazenave Curtis, Ronald Stokes, Robert LaCrosse, James Highway, Barbara Forbes, Kenneth Simpkins, and Jeri Welch. Director is Gerald Charlebois.

"The Boy Comes Home" by A. A. Milne will feature Gordon Kendrick, James Bertino, Ramona Puccinelli, Claire Hightower, and Alice Engel. Jeanne McKibben will direct.

Cast of "Spring" by Colin Clements includes Dzintra Oppis, Joseph LeBue, and Kenneth Rugg. Nick Andrews will direct.

Featured in "Through a Glass Darkly" by Stanley Richards will be Marilyn Ware, Nancy Widdas, Shirley Hooper, Edward Holmes, Kenneth Simpkins, Kenneth Rugg, and Hal Garcia. Throne Kinsey is director.

"Hands Across the Sea" and "Through a Glass Darkly" will be presented Oct. 18 at 4:30 p. m., while the other three plays will be performed Oct. 20 at the same hour.

Chi Pi Sigma Holds Smoker

A smoker for prospective pledges to Chi Pi Sigma, police fraternity, will be held at 7:30 o'clock tonight at the IES Hall, 1401 E. Santa Clara St., according to president Winston Dahl.

Rushing officers are Ken Hart, rushing chairman; Roy Ilse and Lewis Tucker, pledge trainers.

Spartans Work Hard On Defense, Pass Plays

Defensive work and pass patterns were the order of the day as Coach Bob Bronzan drilled the Spartans yesterday for their date with unbeaten Arizona State at Tempe, Saturday night.

The Washington Square grid-ders will be near top strength with Bill Beasley and Al Brown the only casualties out of action.

Beasley broke several ribs and will be out of action for about four weeks.

Brown, who injured his knee last week, has the ailing limb placed in a cast. He may be ready for the Oregon game, Oct. 23.

Halfback Roy Hiram and End Mervin Lopes, both hampered by knee injuries picked up in the Idaho skirmish, were held out of contact work this week and will be available for starting assignments against the Sun Devils.

Dave Fanner, running with a heavy cast on his right knee, showed signs of the form that made him No. 1 fullback in spring drills when he reeled off several nice jaunts in scrimmage yesterday.

Recovered from a badly bruised knee, Halfback Mel Soong returned to the practice drills yesterday.

R. Hiram Tops SJS Statistics

Rambling Roy Hiram played in his first game of the season last week against Idaho, but that was enough to make him the leading Spartan ground gainer and scorer, according to figures released by Wade Wilson, athletic news director.

The little Hawaiian halfback carried the ball 9 times racking up 4 touchdowns and 94 yards for an average carry of 10.3 yards.

Benny Pierce continues to lead the passing department with 18 completions in 38 throws for 237 yards and a 47 per cent average. Tony Teresa trails Pierce with nine out of 22, good for 153 yards, 3 touchdowns and a 40.9 percentage.

End Charlie Hardy, with seven passes and 88 yards, ranks as the leading receiver.

Varsity, Frosh Waterpolomen Meet Stanford

The varsity and freshmen water polo teams open their season against Stanford tomorrow afternoon at Palo Alto, according to Dr. Charles Walker, coach.

Walker will have a veteran led squad headed by Captain Dick Miller.

Three lettermen from last year's team besides Miller, will be back to bolster the Golden Raider attack. They are Dick Threlfall, North Thornton and Ron Mann.

The local tankmen dropped both of their matches to the Indians last year.

"We have a faster swimming team this season," commented Coach Walker.

Talent Auditions

Students are reminded that tomorrow is the day to attend talent auditions for future rallies, according to Jim Houston, of the Rally committee.

The meeting will be held at 3:30 p.m. in the Morris Dailey Auditorium and all interested students are invited to attend.

Thursday, Oct. 7, 1954

SPARTAN DAILY 3

Intramural Grid Schedule To Open Within Two Weeks

The intramural football league will get underway in the next two weeks, announced Joe Rodriguez at a meeting in the Men's Gym Tuesday.

The league will have two fraternity divisions and an independent division under the direction of Rodriguez and Bill Perry.

Rodriguez announced that he will draw up the divisions this week and reminded team managers to pay their \$10 fees by next Tuesday's deadline.

Games will begin at 4 p. m. and a forfeit will result if a team is not ready to start by 4:10 p. m. The halves will be 25 minutes long.

The two top teams in the fi-

nal standings of each division will compete for the league championship in a round-robin, Rodriguez said.

Varsity letter winners on the San Jose State football team or other four-year college teams are not eligible to play in the league, Rodriguez stated. Football cleats are illegal and players may not wear pads or helmets.

A CAMPUS-TO-CAREER CASE HISTORY

"All the answers aren't in the book"

W. D. Garland, E.E. '52, Univ. of California, is working for the Pacific Telephone Company. We thought you'd be interested in what Don told us about his first assignment.

(Reading time: 45 seconds)

Here Don Garland makes noise distribution measurements with a Level Distribution Recorder

"My job is to help solve problems of noise and other interference on telephone lines due to power interference. Inductive co-ordination is the technical term for the work.

"First thing the Chief Engineer explained to me was that 'all the answers aren't in the book.' He was right. Most of the problems have required a combination of electrical engineering, a knowledge of costs and generous amount of ingenuity. I like it that way. It's given me an immediate opportunity to put into practice the theory I learned at school.

"In addition to this on-the-job experience, I have attended several special training courses conducted by the company. Now I'm breaking in a new man, just like when I started."

Don Garland's work is typical of many engineering assignments in the Bell Telephone Companies. There are similar opportunities for college graduates with Bell Telephone Laboratories, Western Electric and Sandia Corporation. If you'd like to get more details, see your Placement Officer. He will be glad to help you.

BELL TELEPHONE SYSTEM

Science Clubs Further SJS Students' Education

The Science Department boasts of a number of special organizations for students interested in the various science fields. Each club is aimed at furthering student interest, knowledge, and cooperation.

Clubs range from national societies to ones of strictly a local nature.

The Entomology club, under the guidance of Dr. James W. Tilden, is concerned with the study of insects.

The Conservation club has Dr. William Graf as its adviser. This club is open to conservation majors in natural resources and wildlife fields.

Tri Beta is a biological honor-

ary society. Dr. Albert Ellis is faculty adviser.

Dr. Marvin Shrewsbury is faculty adviser to the Pre-Medical club, a club open to all pre-med students.

Phi Upsilon Pi is a chemistry honorary society with Dr. Albert Schmoldt as faculty adviser.

Another chemistry group open to students is the Student Affiliate of the American Chemical Society. Adviser for the club is Dr. Robert Schuck.

The Physics Society is headed by Dr. Alfred Einarsson as adviser.

The Occupational Therapy club is open to majors in that field. Miss Mary Booth is faculty adviser.

Military Units Plan Combined Blood Drive

AFROTC and ROTC detachments will have their combined fall blood drive Oct. 11-12.

Maj. William Wetsel, assistant professor of air science and tactics, said today that cadets giving blood become members of the AF-ROTC Blood Credit club and are eligible to draw blood for themselves and their families. Those donating blood will be awarded ribbons to wear on their uniforms, he added.

Blood received from the ROTC unit goes into the college blood bank where donors may draw blood for themselves and their families. Col. John E. Rogers, ROTC head, reminded today.

Donations will be made during normal ROTC and AFROTC class hours.

IR Club Picks New Officers, Plans Panel

Carl Pagter was elected vice-president of the International Relations club at their meeting Tuesday evening in Room 20, according to Gloria Lund, publicity chairman. Other officers chosen were: Rosemarie Pedone, secretary, and Mary Kinzie, treasurer. The club's president, Jim Starrs, was elected to office last spring.

Now in the formative stage are plans for United Nations Week, Oct. 17-24, when the U. N. will celebrate its 10th anniversary, Miss Lund said. During the week the club is planning to present a prominent speaker. Also being planned is a panel discussion, presented and moderated by students, on the U. N. The discussion will be open to the public. She also announced that there will be a display in the library.

SJS Artists Win

Four members of Delta Phi Delta, art honor society, won awards in the art show at the Santa Clara County Fair, held Sept. 13-20.

Award winners were Patricia Collins, second prize in the prints and drawings division; Mary Schmidt, third prize in the prints and drawings division; Kay Siegfried, first prize in sculpture, and Jan Harrison, second prize in the water color division.

Milium.
—QUILT-LINED

Zelan-treated
for durable
water-repellence and
spot-resistance.

Almost overnight, this colorful poplin coat has become the style hit of the season. And the reasons are simple. It's practical for work and play, for mild weather or cold. You'll find it light on your shoulders—yet, because of its satin-Milium quilted lining, it's warm enough for all but the coldest days. And it's inexpensive because the "POP-COAT" was created by America's largest producer of jackets. See this beauty in a grand selection of imaginative colors.
